REQUEST TO RESCIND THE REQUEST FOR NON-PUBLICATION

Sir:

Applicants hereby rescind the Request for Non-Publication under 35 U.S.C. §
122(b) that was filed on August 31, 2001 pursuant to 35 U.S.C. §§ 122(b)(2)(B)(iii) and
(iv).

The undersigned attorney for applicants has only recently realized that the
Request for Non-Publication may have been submitted in error (Applicants do not
concede this point), given that the present application incorporates by reference one or
more U.S. Patents and/or Patent applications which have counterparts filed in a foreign
country and/or under multilateral international agreement before the filing date of the
Request for Non-Publication. Subsequent to the filing of the aforementioned Request,
it came to Applicants' attention that the U.S. Patent and Trademark Office is taking the
position that, under these circumstances, a Request and Certification under 35 U.S.C.

122(b)(2)(B)(i) would be improper. Any delay in filing this request has been unintentional.

Applicants respectfully submit that this Request to Rescind is proper even though it is being filed more than 45 days after the filing dates of the foreign/international counterpart(s) of said one or more U.S. Patent(s) and/or Patent application(s) that are incorporated by reference, given that the delay in submitting this request was unintentional.

Further, applicants respectfully submit that the present application is not abandoned under 35 U.S.C. § 122(b)(2)(B)(iii), because the above-mentioned foreign/international counterpart(s) was/were filed prior to the filing date of the Request for Non-Publication.

If there is any fee required in connection with this request, please charge Deposit Account No. 02-2666.

Respectfully submitted,
BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP

Communication Regarding Rescission Of Nonpublication Request and/or Notice of Foreign Filing

Applicant's rescission of the previously-filed nonpublication request and/or notice of foreign filing is acknowledged. The paper has been reflected in the Patent and Trademark Office's (USPTO's) computer records so that the earliest possible projected publication date can be assigned.

The projected publication date is 04/08/2004.

If applicant rescinded the nonpublication request before or on the date of "foreign filing,"¹ then no notice of foreign filing is required.

If applicant foreign filed the application after filing the above application and before filing the rescission, and the rescission did not also include a notice of foreign filing, then a notice of foreign filing (not merely a rescission) is required to be filed within 45 days of the date of foreign filing. See 35 U.S.C. § 122(b)(2)(B)(iii), and Clarification of the United States Patent and Trademark Office's Interpretation of the Provisions of 35 U.S.C. § 122(b)(2)(B)(ii)-(iv), 1272 Off. Gaz. Pat. Office 22 (July 1, 2003).

If a notice of foreign filing is required and is not filed within 45 days of the date of foreign filing, then the application becomes abandoned pursuant to 35 U.S.C. § 122(b)(2)(B)(iii). In this situation, applicant should either file a petition to revive or notify the Office that the application is abandoned. See 37 CFR 1.137(f). Any such petition to revive will be forwarded to the Office of Petitions for a decision. Note that the filing of the petition will not operate to stay any period of reply that may be running against the application.

Questions regarding petitions to revive should be directed to the Office of Petitions at (703) 305-9282. Questions regarding publications of patent applications should be directed to the patent application publication hotline at (703) 605-4283 or by e-mail pgpub@uspto.gov.

¹ Note, for purpose of this notice, that "foreign filing" means "filing an application directed to the same invention in another country, or under a multilateral international agreement, that requires publication of applications 18 months after filing".

FEE TRANSMITTAL for FY 2003

Effective 01/01/2003. Patent fees are subject to annual revision.

☐ Applicant claims small entity status. See 37 CFR 1.27.
